

- Conische roosters
- Rond
- Aluminium
- Wit, RAL 9016

Wervelplafondroosters type PRN (RAL9016)

Ronde plafondwervelroosters met vaste verdeelringen

Toepassing

- Gebruikt voor luchttoevoer en -afvoer in ventilatie- en airconditioningsystemen

Materiaal

- Aluminium

Kleur

- Wit, RAL 9016

Samenstelling

- Vaste verdeelringen

Bevestiging

- Montage met centrale schroef

Accessoires

- Plenum, Type **PLTI**
- Montage traverse voor rechtstreekse kanaalmontage, Type **FGN**
- Montage traverse voor rechtstreekse plafondmontage, Type **FHN**
- Montage schroef, **SCREW**

Bestelvoorbeeld

- **PRN, 200 + PLTI**

Verklaring

PRN = Rooster type

200 = Maat rooster

PLTI = Type plenum

Symbolen en Specificaties

- Q = Luchtdebiet in m³/h
- Ak = Effectieve oppervlakte (vrije doorlaat) opgegeven in m²
- B = Afstand tussen roosters in m
- H = Plaatsingshoogte in m
- Vz = Maximale snelheid aan de bezettingszone rekening houdend met afstand tussen roosters en plaatsingshoogte in m/s
- Vk = Effectieve gemiddelde lichtsnelheid doorheen het rooster in m/s
- X0.25 = Horizontale worp in m bij eindsnelheid Vt van 0.25 m/s
- Ps = Statisch drukverlies over het rooster in Pa
- Lw(A) = Geluidsvermogen van het rooster in dB(A)

Plaatsing plafondrooster
